

Important notice for ICFM9 speakers on publication

ICFM9 Secretariat

- The ICFM9 secretariat thank speakers and other participants again for their contributions to the success of the conference.
- We apologize for taking so long before notifying you of the publication of the extended abstracts you presented at ICFM9. The coordination took longer than expected. Below is information about the publication.
- As previously announced, two publication opportunities are available: **the Proceedings of the International Association of Hydrological Sciences (PIAHS)** and a **special issue of the Journal of Flood Risk Management (JFRM)**. (The WATER journal, the original plan, has been changed to JFRM after further discussion in the ICFM Ad Hoc Committee.)
- All extended abstracts presented at the conference (including poster sessions) have been evaluated by the chair and co-chair of each session and have also undergone a follow-up brief review by the ICFM9 local organizing committee. After these review processes, approximately 100 abstracts have been selected to be recommended for submission to PIAHS.
- In addition, the ICFM Ad Hoc Committee has reviewed these 100 abstracts and selected 33 of them as particularly outstanding abstracts to be recommended for submission to a special issue of JFRM.
- The authors of the selected abstracts will soon receive a recommendation letter or two by 16th June. Please note, however, that the letter is a recommendation; it is your decision whether or not to submit your work. If you choose to submit it, please do so following the submission procedures described in the letter.
- The authors of the 33 selected abstracts will receive two letters of recommendation: one each for PIAHS and JFRM. It is possible to submit your work to both journals, but please note that originality is required for each journal and that double submissions are strictly prohibited. You are responsible for your own actions.
- When you receive the recommendation letter(s), please let the LOC office and ICFM know by sending a simple return email to the LOC office at icfm9@icharm.org and ICFM at simonovic@uwo.ca, to avoid an email accident.
- The ICFM9 secretariat hopes that many of the selected authors will submit the work for publication once receiving a recommendation.
